

LED FREEZER TUBE LIGHTS

Description

Designed specifically for cooler and freezer illumination, we've amassed the highest quality components to present the most durable and efficient product yet available. Projecting lumens in a 240° beam angle, these tubes display merchandise in the best possible light while significantly reducing heat and energy consumption over standard fluorescent tubes. Its shatterproof polycarbonate lens can be ordered either frosted or clear. Custom available in color temperatures from a very warm 2700K to an ultra-cool 7000K, and in an assortment of pin configurations for nearly every socket imaginable.

Features

- Cooler LED Tube
- 5 Year Warranty
- Glass Free Construction
- 240° Beam Angle
- High Output SMD Chips – 110~130 Lumens Per Watt
- Aluminum Alloy & PC Construction
- 2700K~7000K Color Temperatures
- L70 Rated: 50,000 Hours

Specifications

Product Number	Watts	Lumens	Voltage	LED Chip	Dimensions	IP Rating	Rated Life	Certs
HED-TUB-9W-553	6W	660LM	100-277V	Epistar	2FT	IP65	50,000 Hrs	UL
HED-TUB-14W-554	9W	990LM	100-277V	Epistar	3FT	IP65	50,000 Hrs	UL
HED-TUB-18W-555	18W	1,980LM	100-277V	Epistar	4FT	IP65	50,000 Hrs	UL
HED-TUB-22W-556	22W	2,420LM	100-277V	Epistar	5FT	IP65	50,000 Hrs	UL
HED-TUB-24W-557	26W	2,860LM	100-277V	Epistar	6FT	IP65	50,000 Hrs	UL
HED-TUB-36W-558	36W	3,960LM	100-277V	Epistar	8FT	IP65	50,000 Hrs	UL

Applications

Suitable Lighting for Grocery Store Freezers, Walk-in Coolers, Restaurants, etc.
