

Description

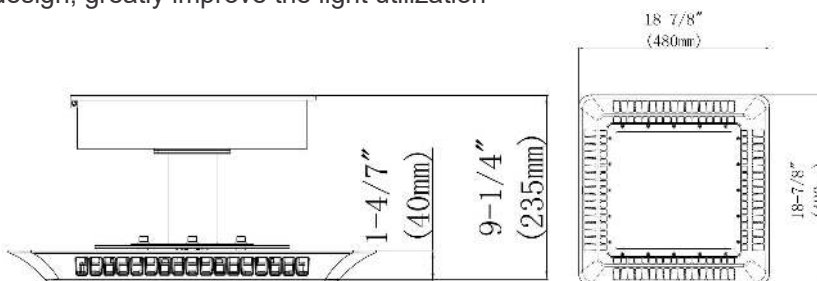

Our LED Canopy Garage Lights push the limits of LED technology by providing an astounding 116 lumens per watt with a 115° beam for improved illumination. With a working Temperature of -30°-+55°C, they should give you all the lighting that you need for your canopy application. With a lifespan of 50,000 hours, you can expect trouble-free use for years to come in a sleek design that can accentuate your location.

Features

- Lifespan: 50,000 hours
- IP Rating: IP65
- Five Year Warranty
- Environment Friendly, No Radiation, Mercury, or any harmful elements
- Color Temperature 4000K/5000K/6000K ±300K
- Philips Lumileds LED, high luminous efficiency and long life.
- High efficiency LED multivolt Driver
- input voltage AC100-277V
- Die cast Aluminum design, better cooling, light quality
- Working Temperature -30°-+55°C
- Excellent optical design, greatly improve the light utilization and evenness.

Specifications

Product Number	Watts	Voltage	Lumens	Dimensions	LED Chip	Beam Angle	Certs	Weight	IP Rating
HED-GRG-120W-957	120W	100~277VAC	13950LM	18.89"x18.89"x9.25"	Philips	115°	UL, cUL	19.4 lbs.	IP65
HED-GRG-150W-958	150W	100~277VAC	17980LM	18.89"x18.89"x9.25"	Philips	115°	UL, cUL	19.4 lbs.	IP65
HED-GRG-200W-959	200W	100~277VAC	23300LM	18.89"x18.89"x9.25"	Philips	115°	UL, cUL	19.4 lbs.	IP65

Applications

Gas Stations, Garages, and all other canopy light applications.
